Management

## DESCRIPTION

NFS49A-E is a product designed to be used in an indoor environment. The unit offers reliable 24/7 operation, full HD(1080P) resolution, built in Android system, toughened glass and Apple style metal housing. It can be used in retail stores, shopping malls, schools, hospitals, banks, airports, metro stations, and other places that require digital signage solution.

## PRODUCT OVERVIEW

- Full High Definition (1080p)** Ability to display applications in different resolution options.
- Support 24/7 operation** Long-life panel has high reliability and stability to ensure the system runs continuously during operation.
- Time On/Off** Auto power On/Off setting allows to make display schedules and extends the system life time.
- Built in Android System** Android system, 2GB/4GB memory, 8GB-32GB storage, HDMI / VGA / RJ45 / USB2.0 and wireless connectivity 

### **Built in Cooling Fans**

The fans will work only when the system is up to the given temperature and requires cooling. This function ensures digital signage runs 24/7 operation without any damage to the screen.

### **Multi-user Interactivity - Optional**

Multi-user 10-touch surface simultaneous touch interactivity

### **2 Year Warranty**

NTRON warranties this product to be free from defects in material or workmanship for a period of two (2) years following the date of purchase, provided the product is used in an indoor environment.
